The Model Club Member is one who

wishing to have their rights respected,
respects those of others, and who
understands they are a member,
and not the proprietor.

They recognise that they are not
number one, but one of a number,
and is prepared to abide by the rules
that have been passed for the benefit
of all. They have a feeling for those
who do the hard work and are ready
to reward with praise those who have
contributed to their comfort and
enjoyment.

They never try to degrade the
staff by saying “they are only a
servant”, while the member is their
master. They are courteous to all and,
in short, a respectable member,

**and the more there are of them,
the more the Club will flourish.**
